

POPULACE TURN OUT
TO HONOR BISMARCKMONSTER CELEBRATION IN
GERMANY TODAY.

Kaiser William Touches the Popular Heart By His Telegram to the Ex-Chancellor—Li Hung Chang's Assailant Sentenced to Servitude For Life.

Hamburg, April 1.—The enthusiasm of the Germans in the present outburst of Bismarck hero worship is unrestrained. No king or emperor ever took a more popular step in opposition to his nation's parliament than the Kaiser when he indicted the famous Bismarck telegram a week ago which absolutely reflected the sentiment of the people at large.

Berlin, April 1.—Telegrams are pouring in from all parts of the empire announcing that Bismarckian fetes have been commenced with great spirit. There was a specially interesting gathering at the national monument of Germania in the Niederwald, whither thousands traveled from all parts of the Rhineland. Among those present were representatives of thirty-six cities in the Rhineland district. Prof. Aucken of Giessen university delivered an oration at the foot of the monument. In Munich, the Bavarian capital, a musical celebration of the occasion was given in the Odeon. Throughout Germany joy fires are burning on the highest mountain peaks and hills from the Baltic to the North Sea and to the Swiss and Austrian frontiers on the south, from the Russian frontier on the east to the frontiers of France, Belgium, and the Netherlands on the west. Never before in the history of the empire has there been such a heartfelt and spontaneous exhibition of love by the German people. Today all the schools and most of the civic and state offices are closed in honor of him to whom the empire owes its existence.

Friedrichsruhe, April 1.—Every train arriving at Friedrichsruhe is loaded with presents for Bismarck, and every post brings hundreds of congratulatory letters not only from people in Germany but from Germans and others throughout the civilized world. Thousands upon thousands of special business Bismarck post cards have been sold, and a great number have been mailed to the United States. Those in Germany who have received them have put them carefully away to be preserved as mementoes of the Iron Chancellor. For the first time since the beginning of the celebrations in his honor Prince Bismarck Saturday was somewhat fatigued and indisposed, his old trouble, neuralgia, troubling him slightly. A good night's sleep, however, restored his health and spirits, and yesterday he was as bright as ever.

LI HUNG'S ASSASSIN SENTENCED.

Penal Servitude for Life Is Given Him—
Terms of the Armistice.

Shimonoseki, April 1.—Koyama Rokunsaki, the young Japanese who attempted to assassinate Li Hung Chang, has been sentenced to penal servitude for life.

The armistice established by the order of the Mikado extends to April 20, but it will terminate if the peace parleys are broken in the meantime. According to the terms of the armistice the movement of the troops and the transportation of contraband of war by sea is forbidden. The new distribution of troops not intended to augment the armies in the field is allowed.

Japan originally proposed as conditions of an armistice the occupation by the Japanese of Shan Kwan, Taku and Tien Tsin and Japanese control of the Shan Kwan and Tien Tsin railroad, China to defray the cost of such occupation. Li Hung Chang has vainly sought to modify these conditions, and it was proposed to continue the negotiations without an armistice being established, when the attempt on the life of the Chinese plenipotentiary occurred. This led to the declaration by the Mikado of an unconditional armistice.

As the terms of the armistice do not embrace the island of Formosa the Japanese operations there will continue.

Belgian Strikers Attack Police.

Brussels, April 1.—The striking weavers at Renais, East Flanders, and a number of their sympathizers yesterday renewed their attacks on the gendarmes. Several arrests were made. The burgomaster finally succeeded in restoring quiet. During the rioting the gendarmes fired on the strikers, wounding two of them seriously.

Concede All Demands.

London, April 1.—A dispatch to the Times from Brussels says that twenty persons were seriously wounded in the rioting at Renais. At a meeting of the Council of Industry Sunday the masters conceded all the demands made by the men, but the fear of further disorder continues.

Rain Timely in Nebraska.

Omaha, Neb., April 1.—For the last forty-eight hours heavy rains or snows have been falling in all parts of Nebraska. More timely rain never came, for the greatest anxiety is felt in reference to the prospects for the coming crop in Nebraska and the lack of rain had given rise to grave apprehensions. With the rain that will follow in April and May all crops will be in excellent condition. All of the eastern counties report the soil as in excellent condition, though in the southeast more rain is needed at once. In the central portion of the state the situation seems to be generally good.

Income Tax Receipts in Kansas.

Wichita, Kan., April 1.—Government revenue from income tax in this state is surprising everybody. It will be 100 per cent larger than was anticipated by the collectors. The county alone will pay to the government over \$50,000.

SAW THE TAYLOR BROTHERS

They Were Met While Returning to Town After the Meeks Murder.

Carrollton, Mo., April 1.—The evidence for the defense in the Taylor case was concluded Saturday by the testimony of the brothers, each swearing that he was at home the night of the murder, and this was supported by the previous testimony given by their relatives. They had no witnesses except their relatives, and many of them became badly tangled. The state proved that Mrs. W. P. Taylor had said that she had lost all hopes of her husband's innocence and never wanted to see him alive again. Attorney Bresnahan is in receipt of a communication from Milan announcing that Dr. Waters of that city while making a professional call late at night saw William and George Taylor driving into town. This important evidence, late as it comes, will almost put the hangman's halter around the necks of the ill-fated Taylors. It is rumored that it may be necessary to call for military protection if the jury does not convict them. Interest in the case increases and a bitter feeling prevails.

RAIN FALLS AT LAST.

Dust Laid Low in Illinois and Many Near-by States.

Chicago, April 1.—Illinois was in the rain storm yesterday and got drenched all over. The sister states, Missouri and Iowa, were in it also. Other of the central and northern states got partly wet by the rain, which was so long and anxiously awaited. When the big drops began to fall about 1 o'clock Sunday morning the storm was central over these states. It was falling on the western border of Indiana, but began moving eastward, and at noon yesterday the weather man said the whole state was being rained on. It was spreading northward also, and the opinion was that Wisconsin would be included in the area. The rain gave indication of lasting until noon today. The other places got some of the welcome rain were Southern Minnesota, eastern Nebraska, eastern Kansas, eastern Indian Territory, northern Arkansas, and western Tennessee and Kentucky. South Dakota got a slight sprinkle covering the western portion.

CUBANS PLAN A COUP.

Expect to Ask Recognition of Their Provisional Government.

Washington, April 1.—The successes which are said to be attending the operations of the insurgents in Cuba will, if they are continued, soon lead to a determined effort to secure recognition from the United States. While no communication, either formal or informal, has as yet been received at the state department, its arrival is not unexpected.

It has always been the policy of the United States to recognize de facto governments. If, therefore, the Cuban insurgents can create a provisional government, they will have taken a long step forward in the direction of securing recognition as belligerents. This country also demands, as a rule, that the new government shall issue currency and shall be in possession of a considerable portion of the territory over which it assumes control.

Declares It a Trust.

Chicago, April 1.—Judge Baker has rendered a decision in the suit of the attorney general against the United States Furniture company in which he declares that the company is a trust and a monopoly and that its existence is contrary to the public policy of the state of Illinois. The case came up before Judge Baker several months ago on the demurrer of the company to the information filed by the attorney general, and the court overruled the demurrer and sustained the allegation set up in the information that the defendant is a trust.

Cuban Prefects Step Out.

Madrid, April 1.—All the Cuban prefects have resigned. They will be replaced by military officers. It is reported that Gen. Antonio Maceo, the insurgent leader, has landed in Jamaica. The rebel leader, Henry Brooks, has left Cuba for New York. It is stated that Calman Garola is also trying to leave the island. The appointment of Marshal Martinez Campos to the command of the troops in Cuba has been received with the greatest satisfaction in that island.

Kept the Compact to Die.

New York, March 31.—Mary Handel, 21 years old, a Bohemian cigarmaker, committed suicide at her home last night by taking Paris green. It is thought the girl killed herself to fulfill a compact she had made with Barbara Syce, who lived next door to her, and who committed suicide Jan. 22.

Heavy Rainfall in Wisconsin.

Milwaukee, Wis., April 1.—More rain fell in Wisconsin during the first twelve hours of yesterday than has fallen altogether during the balance of the month. The rain was general throughout the state, but it was heaviest in the lake shore tier of counties. It began to rain at 1 o'clock in the morning and continued almost incessantly until afternoon.

McKinley Arrives in Washington.

Washington, April 1.—Gov. McKinley and party arrived in this city last night from Savannah. Gov. and Mrs. McKinley will visit friends and then take a drive through the city, but there will be no reception or public demonstration. The governor leaves for Columbus this evening. He is looking well and says he is feeling so.

After Train Robbers.

Somerset, Ky., April 1.—Samuel Frazier, who figured in the attempted hold-up of the Cincinnati Southern train, has been imprisoned here on a charge of stealing the horses used by the robbers, but it is not believed he can be convicted.

CUBAN INSURGENTS
WON TWO BATTLESTHEY DEFEATED THE SPANISH
TROOPS TWICE.

The Loss of the Regulars, However, Was Not Very Heavy and They Retired in Good Order—The Arms of the Revolutionists are Growing Rapidly.

Key West, April 1.—Private advices from Cuba by the steamer Olivette say several minor fights March 26 and 27 took place between the Spanish troops and insurgents in the province of Santa Clara. The insurgents defeated the Spanish troops both days. The Spaniards left their dead on the field and retreated in good order. The dead, it is stated, numbered forty-nine in both days' fighting.

According to the advices, the soldiers recently sent from Spain called volunteers, most of whom are mere boys, are conscripts. Their hearts are not in the fight and many of them have deserted and gone over to the insurgents. Two regiments were sent to the country three days after their arrival in Havana. Fifty so-called volunteers recently from Spain deserted and are with the insurgent Gen. Palacio.

Gen. Amador Guerra is near Manzanillo, a seaport town, with 5,000 well-armed cavalry. He is considered the bravest of all by the Cubans. It is expected he will shortly raid the towns of Santiago and Manzanillo.

It is estimated that the insurgents now number 20,000 under arms in the island. All the insurgent forces are focusing toward Yara, where they intend forming the new republic. La-chambre has been captured by Guillor-man at Baire and is now a prisoner at Montenegro. A band of Vinales, in Vuelta Abajo district, near Havana, is said to number 200.

London, April 1.—A dispatch to the Daily News from Madrid says that Prime Minister Canovas del Castillo has summoned the leading stock brokers of the city and assured them that no considerations of a bourse panic will prevent him from faithfully acquainting the public with the state of the Cuban rebellion.

REVOLUTION FORCES GROW.

Landing of New Leaders Admitted by Spaniards—Fear the Result.

Tampa, Fla., April 1.—The plant steamship Olivette arrived last night, bringing among other passengers Spaniards and Cubans from the island. The Spaniards said there was fighting in the eastern part of the island, but they were sorry for the "poor Cubans" engaged in it, for those that were not killed in the fighting would be shot afterwards. They ridiculed the idea of Cuban success. Spanish estimates place the insurgent forces at less than 3,000, and the reason assigned for the shipment of so many soldiers from Spain to Cuba was that as there were only 6,000 permanently located in Cuba, Spain thought it advisable to place more of a standing army on the island. No other reason for the movement of the troops was assigned. Martinez Campos is expected to arrive in Havana April 4 and it is understood that the fight will then be on with great vigor.

Reina Mercedes After Gen. Maceo.

Madrid, April 1.—The cruiser Reina Mercedes has sailed for the Bahamas. It will go thence in pursuit of Gen. Maceo, the insurgent leader, who is reported to have left Costa Rica for Cuba in command of a filibustering expedition. The Spanish minister at Washington is kept informed of the movements of the filibusters.

TO RELIEF OF KANSAS.

Plentiful Rain Helps the Crop and Is General.

Topeka, Kan., April 1.—The rain yesterday was general in eastern Kansas, with good showers as far west as Arkansas City, Hutchinson, Junction City, and Phillipsburg. Warm winds prevailed in the eastern portion. Since 5 o'clock the storm has been shifting from eastern Colorado and is now sweeping down into Kansas from the northwest. At Goodland heavy snow and hard northwest winds have prevailed since 7 o'clock, which will probably reach here to-day. The fruit buds in the great fruit belt of central and eastern Kansas are in an advanced condition, with great promise for everything except peaches, which are injured in parts of the Arkansas valley. Should a freeze strike them now the damage would be great, especially to apricots. These rains have put the soil in fine condition, and reports from all over the state say that for fifteen years the opening of spring has not been so promising. Every drop of moisture which has fallen during the winter is in the subsoil ready for the spring crops.

Navy Is in Shape for Trouble.

Indianapolis, Ind., April 1.—Rear Admiral Brown, U. S. N., who recently became the ranking naval officer of the United States, says the United States navy is in first-class condition, and he believes the navy is prepared for war in case any of the present international troubles should result seriously. "However," he said, "I do not think any of the present questions will result seriously, as I think they have been greatly overdrawn, but should the worst come we are in excellent condition. We have some of the finest warships afloat."

Election Troubles in Lincoln, Neb.

Lincoln, Neb., April 1.—There was a meeting held yesterday by the democratic city committee and representatives of the Civic Federation to take action in regard to the arrest to-day of a number of parties charged with illegal registration. It is said that nearly 100 of legislative clerks and other employees, residents of other counties, have registered in Lincoln and declared their intention to vote at the mayoralty election next Tuesday.

TWO STATES SWEEP
BY FOREST FIRESPARTS OF KENTUCKY AND INDI-
ANASUFFER SEVERELY.

Beside the Heavy Financial Loss Six People Are Known to Have Lost Their Lives—Silver City, a Suburb of Milwaukee, Devastated By a Big Blaze—Other Fires.

Cincinnati, Ohio, April 1.—Specials from points in western Kentucky and southern Indiana report that the forest fires are still raging, but definite information from any localities is lacking. The loss is estimated at \$200,000 in Kentucky and less in Indiana. The death of Henry Eller near Bowling Green, Ky., and two negroes and that of Mrs. Penny, in addition to those reported yesterday, make three white men, two negroes and one woman lost. While the farmers have been plowing and doing everything to-day to prevent the spreading of fires, and there is no doubt of their loss and danger, yet it is believed that greatly exaggerated reports of the fires have been circulated.

ENTIRE BLOCK BURNED.

Fierce Blaze Yesterday in a Suburb of Milwaukee.

Milwaukee, Wis., April 1.—At 6 o'clock yesterday morning an entire block in the suburb of Silver City, west of the city limits, was swept by fire and a dozen families were made homeless. The principal losers are William Schultz, August Loetz, Herman Schroeder, Gustave Glugg, Gustave Zillman and August Siefert, whose dwellings were burned. Many of the people barely escaped in their night clothes. The Milwaukee fire department sent a chemical but it was too late to be of service. The loss is placed at \$15,000, about 75 per cent of which is covered by insurance.

Fire yesterday afternoon destroyed the planing mill of the Guehsouth Bros. company on South Canal street. The loss on the building, a three-story frame structure, is \$5,000, and on machinery and stock \$20,000. It is covered by an insurance of \$20,000.

Has of Representation for the Republican National League.

Chicago, April 1.—President W. W. Tracy and Secretary A. B. Humphrey of the republican national league will issue to-day the official call for the eighth annual convention, to be held in Cleveland, Ohio, beginning June 19. It is proposed to take three days for the convention.

The ratio of representation will be six delegates at large from each state and territory, four from each congressional district, and one from each college republican league in the United States that will be represented in the American Republican College league convention to be held at Grand Rapids, Mich., next Friday. Ex-officio delegates will be the president, secretary and treasurer of the national league, one vice-president and one executive member of the national organization from each state and territorial league. This makes practically ten delegates at large from each state, besides four from each congressional district.

Besides the regular routine, the work of the meeting will include a general discussion of league club work, party policies and organization and the formation of a plan of campaign with special reference to the presidential year.

New York Murder Mystery.

Then some individuals may resist eviction, especially if the Indian police are employed for that purpose.

WEEK OF FEW BILLS.

Illinois Legislators to Have an Easy Time at Springfield.

Springfield, Ill., April 1.—The senate will be lacking measures of special importance this week. The most important matter now before the senate cannot be reached next week. Senator Humphrey's "Land Title" bill, the Torrens act, which was defeated so unexpectedly last week, has been made a special order for Wednesday, April 17, at 10:30 o'clock, for reconsideration of the vote by which it was lost. Senator Aspinwall's pool-selling bill is a special order for the same day. Senator Bartling's bill amending the dental surgery act is a special order on second reading for Thursday, April 17.

The most important bill to come up this week is Senator Coon's, to raise a tax on legacies and inheritances. It is on its third reading and is a special order for Thursday. Senator Craig's bill amending the assessment law is a special order for Wednesday on its second reading. This bill is to abolish the State Board of Equalization and was last week reported back with a recommendation that it do not pass by the committee on revenue. Mr. Craig will move nonrecurrence in the committee's action. Senator Littler's bill amending the law punishing the formation of pools and trusts by individuals and corporations will come up as a special order next Friday.

The bills for second reading for this week comprise a list of seventy-five measures. Prominent among them are: Senator Coon's—Changing the age of consent from 14 to 17 years. Senator Bartling's—To prohibit the coloring of substitutes for butter and cheese.

The house does not meet until Wednesday, and even then a full attendance is not expected. The committee will only have two day's session. The house calendar is full of bills, and this branch of the assembly is fully a month behind the senate in its work. Among the other bills on second reading are: Mr. Berry's, creating a state farmers' institute; Mr. O'Donnell's, requiring officers of homestead loan associations to give indemnity bonds; Mr. Ely's, amending the garnishment law; Mr. Kent's, providing for fire escapes on business buildings of four stories and over in height.

The calendar contains many senate bills that have not been disposed of. On first reading is Senator Coon's bill increasing the fees for the incorporation of companies. Following this in the same order is Senator Evans' bill appropriating money for the participation of this state in the Cotton States' International exposition.

BONDSMEN TO SETTLE.

It Is Said Chicagoans Will Take \$135,000 for the \$263,000 Selter Notes.

Carlyle, Ill., April 1.—The local creditors of the defunct Ramsay bank met for the fourth time in this city Saturday afternoon. This was the final meeting, and every arrangement has been made to contest the \$363,000 claim filed by the bondsmen of the late state treasurer. It is the general opinion here that several of the noted men of the state were large borrowers from Ramsay, and may be cognizant of facts pertaining to the deficiency in the treasury which they do not care to disclose. Ex-Banker Selter of Lebanon, Ill., borrowed state funds from Ramsay to the amount of \$263,000 and gave his notes for that amount. These notes are held by the Chicago bondsmen, who will take \$125,000 for these notes—\$55,000 to be paid in cash, the balance to be secured by a preferred lien on the Selter assets. The settlement of these notes by Selter will leave the local creditors of the Ramsay bank in a much better condition. The \$363,000 claim will be reduced to \$100,000, and the depositors will receive about 40 cents on the dollar.

Indiana Shares in the Hoos.

Indianapolis, Ind., April 1.—The first rain of the season came yesterday and was general but light over the state. The drought had resulted in much damage to wheat and in preparing the ground for early crops, so that the fall of moisture yesterday was much needed relief. However, there was hardly more than enough to start the grass and shrubbery and the weather bureau official reports that a many times heavier rain is necessary before any real benefit can be claimed. In the north part of the state about a half inch fell. At this point the rainfall was only .20 of an inch and it dwindled to .01 of an inch along the Ohio. The indications are for occasional light showers.

FRANCE MUST REPLY.

Paris Newspapers Call Great Britain's Protest a "Swagger."

Paris, March 31.—Most of the French newspapers agree that M. Hanotaux, the minister of foreign affairs, must reply to the utterances of Sir Edward Grey, the parliamentary secretary for foreign affairs, in the British house of commons on Thursday night, with energetic protests. Several of the newspapers take the view that Sir Edward Grey's statements were simply "swagger," arising from the fact that the government would find itself in the minority, unless it makes a patriotic display.

The Figaro says: "The Quai d'Orsay the French foreign office will show that it knows how, without losing its temper, to put the British foreign office in its proper place."

Warren's Story of Woe.

Seattle, Wash., April 1.—Charles C. Warren, formerly foreman of the Canadian Pacific railroad, tells a strange story of adventure and captivity. He went to Mexico eleven years ago to seek his fortune, locating a gold mine at Yucatan. He says the mine proved rich, and bandits took his sluice boxes, killing his comrade. He says the government, learning of the richness of the mine, arrested him on a charge of treason and kept him captive on San Juan island until last July, operating the gold mine in the meantime. He finally escaped to Puento and made his way to this city.

His Accounts Are Short.

Montgomery, Ala., March 31.—A profound sensation has been caused here by the continued absence of Colonel Frank B. Randolph, probate judge of Montgomery county. He is believed to have fled to Central America, having requested to keep the fact of seeing him a secret. The state examiner of public accounts is now investigating his accounts, and it is officially stated that he has discovered a shortage of from \$20,000 to \$30,000.

Small fruits were injured by the dry weather of last fall.

State Officers Hold Over.

Salem, Ore., March 31.—Owing to the rush of business during the closing hours the legislature failed to elect railroad commissioners, pilot commissioners, food commissioners and game warden. Attorney General Idleman has submitted an opinion to the governor that the present officers hold over under the law and that the governor has no power to remove the present officers or appoint others.

France and Paraguay Out.

Paris, April 1.—The Figaro announces that the government of Paraguay has withdrawn the exequatur of the French consul on the ground that he incited colonists to leave the country without previously repaying the government advances made to these colonists. The French government has retaliated by withdrawing the exequatur of all the Paraguayan consuls.

Hesing, president of the Illinois Staats-Zeitung company and for more than thirty years a prominent and active figure in the public and political affairs of Chicago and the west, died of paralysis between 7 and 8 o'clock yesterday morning at his home, 3229 Vernon avenue, in his seventy-third year.

GOOD MEN NAMED BY REPUBLICANS.

The Ticket Put Up By Them Is
a Very Strong One.

C. D. CHILD IS AN EXCELLENT
MAN FOR MAYOR.

A. E. Badger Is Qualified In Every
Way to Act As City Clerk, J. H.
Watson Will Make An Excellent
Street Commissioner, T. W. Goldin
Is A Valuable Man on the School
Board, While D. T. Kenyon Will
Make A Thoroughly Reliable Scaler
—Good Ward Nominations.

Tomorrow is election day and it is
the duty of all citizens to put in their
ballots. When you are in the booth
with the pencil in your hand and the
ballot on the table, think well. Re-
member what democracy has done for
the country and vote accordingly.
The best thing to do in the interest
of the city, the state and the nation is
to mark the ticket like this:

REPUBLICAN TICKET

Then you register your vote for
good men and good government. The
republican candidates are all good
men. The Recorder throws out dark
insinuations about secret societies and
alleged titles. Pay no attention to
that, for the candidates, and they are
men of veracity, have put that story to
rest.

C. D. Child, the candidate for mayor
is a well known and respected citizen.
He will make an excellent mayor and
his worth and ability makes all repu-
blican votes his just due. His experi-
ence in the council has strengthened
his fitness for the place of honor to
which he is nominated and he should
get the full party support.

A. E. Badger, the candidate for city
clerk is a young man of ability and
will make a good official. He is thor-
oughly competent to fill the position
and should get the full vote of the party
he represents.

J. H. Watson, the candidate for
street commissioner is too well known
in Janesville to need extended men-
tion. He has always lived here, un-
derstands street work thoroughly and
will make an excellent man for the
office to which he was nominated. He
should and will get the full vote.

T. W. Goldin, the candidate for
school commissioner at large, is one of
the best commissioners that the city
ever had, and was honored with the
presidency of the board by his col-
leagues. He should be elected by a
rousing majority.

D. T. Kenyon, the candidate for
 scaler of weights and measures, is
qualified for that position in every
way and should get the undivided re-
publican strength. He is an old resi-
dent, and a good citizen and a vote
for him is a vote in the right place.

The Aldermanic Ticket.
The republicans have placed exam-
plary men in nomination for aldermen
this year. A common council com-
posed of such men would be an honor
to any city.

First ward—Henry C. Stearns.
Second ward—Samuel C. Burnham.
Third ward—E. Ray Inman.
Fourth ward—Thor. Judd. For
short term—J. B. Green.
Fifth ward—Harry Handy.

These men are all well known, not
only in their respective wards, but
throughout the city. They are careful,
experienced business men, each one
having been fairly successful in their
several pursuits and voters having the
best interests of the city under con-
sideration, can do no better than to
cast their votes for such men. They
are fair men, and will see that each
section of the city is fairly and hon-
estly treated.

The Supervisors Chosen.
Janesville republicans have placed
in nomination good men for the county
board of supervisors:

First ward—C. E. Bowles.
Second ward—W. T. Vankirk.
Third ward—Fenner Kimball.
Fourth ward—David Jeffris.
Fifth ward—George Brink.

Supervisors Vankirk and Kimball
have served a number of years in the
county legislature, Mr. Kimball being
the oldest member in that board in
point of service. The republican can-
didates are well versed in city and
county affairs, and will make faithful

THEY GOT ALL KINDS OF GAME
Sheriff Appleby and Dr. Roberts Got Ducks,
Geese and Brinks.

When Sheriff Appleby and Dr. E.
D. Roberts returned from their recent
hunting trip they had thirty ducks
and geese but beside "big game."
As they were returning home just as
it was beginning to get dark they
found a runaway team tangled up in
barb wire fence, but the driver of the
rig was nowhere to be found. They
hitched the team behind their rig and
after they had driven a mile their
horses suddenly stopped, and with
the aid of a match they discovered
they had almost ran over a man who
was lying in the road in a
drunken stupor. After discussing the
matter they came to the conclusion
that that they should capture all or
none at all so they dumped the unfor-
tunate in his own rig
and started on their victori-
ous march. As they reached
the city limits the stranger began to
come to, and being a big six-foot Nor-
wegian, he required a good deal of at-
tention, so much, that Dr. Roberts
left the driving while it took the sher-
iff's undivided attention to quiet the
man. As the procession swung into
Park street at 4 o'clock in the morn-
ing the band began to play. When
the man got a look at the jail that
settled it in his mind but he had to go
on. The rig was taken to Nelson
Brothers' livery, while that hunting
trip goes on record as a varied and
successful one.

SAY THE RICE BOYS STOLE MANY HENS

BELOIT BROTHERS ARE PLACED
UNDER ARREST.

It Is Said That They Sold \$100 Worth
Of Poultry In This City Besides
Their Line City Business—Henroth
Bought the Stolen Goods, He Says
For \$97.

The Rice brothers of Beloit, who
are said to have sold one hundred dol-
lars' worth of stolen poultry in Janes-
ville, were arrested by Beloit police
Saturday.

For a long time wholesale poultry
robberies have been going on in this
county. Saturday Marshal Appleby
of Beloit, got word to look out for the
Rice brothers, who were thought to be
the thieves, and the Beloit officers ar-
rested them a short time after they
had sold \$34 worth of chickens to
William Rouse. These chickens were
stolen from an Illinois farm, and Mr.
Rouse recovered his money. The
Rices used to do scavenger work in
Beloit.

Henroth Bought the Goods.

Sheriff Appleby went to Beloit this
morning to be on hand when the ex-
amination of the Johnson brothers on
the charge of receiving stolen goods
was resumed this morning. Edward
Henroth, who is awaiting trial in the
railroad robbery case, was on the wit-
ness stand nearly all day Saturday,
and swore that he visited the John-
son's saloon on invitation to come and
examine some goods that were for
sale, and that he and Cora Johnson
invoiced the goods in the saloon cellar
and later on he paid \$97 to the al-
leged thieves in the presence of both
the Johnsons.

The other witnesses who testified
were Dell Smith, George Dean, Charles
Mayo, Job Jones, Mrs. Job Jones and
James Haggan, of Shopiere, who had
something to tell about the finding of
merchandise by the railroad track in
Shopiere; and Conductors B. D. Wait,
Tillison and Giles, of Chicago. The
railroad men gave information relating
to the goods being missed from the
train.

MUNICIPAL COURT JURY LISTS.

Judge Phelps Notifies the Aldermen and
Supervisors of Their Duty.

Judge Phelps, of the municipal court,
has sent a circular letter to the alder-
men and supervisors of the city,
calling their attention to the law re-
quiring each to make a list of twenty-
qualified electors of his ward to
serve as jurors in the municipal court.
The circular says:

This list ought to be made out and
delivered before the end of the first
week in April. Neglect to make the
same until the last day permitted by
law, works great inconveniences and
usually results in an unsatisfactory
list of electors to serve as jurors.
I do not desire to dictate in the
least in regard to who shall be
selected, but respectfully call your at-
tention to the fact that the men you
select are liable to be called upon to
decide matters of great interest and
importance to individuals and to the
city and county, and should therefore
be men capable of weighing testimony
and deciding upon the merits of a case
as presented by the evidence upon the
trial. There are a number of citizens
who would make good jurors, that are
exempt from service as such by Sec-
tion 2525 of the Revised Statutes, to
which your attention is respectfully
invited when making up this list.

In addition to the
persons exempt by said Section, all
active members of the militia, or per-
sons who have been discharged from
the militia, at the end of five years
service, are also exempt. The great
number of exempt persons will claim
their exemptions, if drawn on the
jury. When drawn from the box are
selected as jurors by council in cases
they will be summoned as jurors.
When a case is ready for trial such
men usually claim their exemptions
and there is nothing for the court to
do, but to excuse them, at a consid-
erable expense to the county and great
delay in the progress of the case.
As judge of the court, I
respectfully request you at an
early date to confer with the super-
visors of your ward, post yourselves as to
who are exempt from service, and to-
gether make up a list of twenty (20)
electors each from the residents of
your ward, who are not exempt and are
qualified to make good jurors. Unless
you do confer together, the same elec-
tors are liable to be placed on both
lists and then the list would have to be
revised by you. Let me say again,
that it is important that these lists be
presented the first week in April or be-
fore. Yours truly, M. M. PHELPS.

BABE WAS CARED FOR BY A BABE

Touching Scene in Real Life Enacted On
the "Vestibule Flyer."

A touching little scene in real life
was enacted on the vestibule train the
other night. The train pulled out of
Chicago with a full complement of
passengers, and the day coaches were
crowded. A Chicago lady en route for
Janesville found a seat in one of the
sleepers. After the train had left the
city limits and was swinging along at
a lively pace for the north, the porter
entered the car having in his arms a
little girl about four years old. He
placed the child in the seat opposite
the lady, and left her to her own
amusement. Presently he returned
with a glass of milk and a sandwich,
and arranging the table, the little
tot, with her head just visible,
proceeded to eat her supper. The
lady watched her with a good deal
of interest and solicitude, and
beckoning her to her side, tried to
find out something about her, but the
little girl was unable to talk plainly
enough to be understood.

Shortly after another little girl
came in and sitting down by the child
engaged her in childish prattle. The
pair soon became friends, and from
the older one the lady learned that
the little stranger was being sent by a
uncle in Chicago to an aunt in West
Superior, and "just think" said the
child, "the baby is going all by her
own self, and I am going to undress
and put her to bed."

Soon the porter came in and made
up the berth, and the little waif was
tucked snugly away for the night.
When the lady left the train at Janes-
ville, the little tourist was sleeping
soundly, to make up next morning at
her new home in the northern city.
Her little friend, a St. Paul passenger,
in another car, had left her, after tend-
ering a mother's care. The incident
impressed the lady as pathetic, reveal-
ing a side of life in this busy world
not often witnessed.

SHORE ACRES COMES TOMORROW

One of the Best Plays Ever Written and
Faithfully Presented.

"Shore Acres" is the best type of
the New England play known to the
stage. Its scenes are truthful, vivid
and moving, while never overstepping
the bounds of reason. Its story is en-
tirely human and deeply interesting,
its many character types are sharply
differentiated and its dialogue abounds
in homely sayings and quaint
humor. Mr. Herne has in "Shore
Acres" furnished a play that is
sure of a long and pros-
perous existence. In writing
"Shore Acres," however, Mr. Herne
avoided what so many actor authors
are inclined to do, that is, writing a
one part play. He has aimed to pre-
sent many different characters in a
strong light and has permitted them
all to show their strong natures to the
public. There is no villain. Arrange-
ments have been made to present
"Shore Acres" at the Myers Grand to-
morrow evening, April 2. The curtain
rises at 8 o'clock, sharp, remember.

ELOQUENT ADDRESS BY DR. SINCLAIR

INTERESTING TALK AT THE
CONGREGATIONAL CHURCH.

He Outlined the Good Work of the How-
ard University at Washington, D.
C. and Did It In A Graceful Manner
—Graduate of Three Colleges—His
Trip to Europe.

In a very entertaining and graceful
manner the cause of Howard Univer-
sity of Washington, D. C., was pre-
sented to Janesville people by Rev. Dr.
W. A. Sinclair at the Congregational
church last night. The speaker was
born in slavery, and when eight years
old freed by the emancipation procla-
mation. Soon after that he came
under the influence of the American
Missionary Association and took a
four years course in Howard
University. Then three years
in the medical department of Harvard
and three years at Andover Theologi-
cal seminary completed his education,
after which he entered the ministry,
preaching two years in Nashville,
Tennessee. In 1891 he was appointed
delegate to the International council
in London, England, where he re-
mained two years, preaching the
needs of Howard university with grat-
ifying results in England, Ireland,
Wales and Scotland.

Doctor Sinclair held his Janesville
audience with interesting facts relat-
ing to the work of education at How-
ard, interspersed with native wit and
eloquent appeal, inspired by true de-
votion to his work. Could the enthu-
siastic abolitionist of fifty years ago
have heard the eloquent speaker, they
would have been doubly rewarded for
aiding the work of emancipation.

THIS DAY IN HISTORY

1405—Sultan Timur, or Tamerlane, conqueror of Persia, died.
1515—William Harvey, who discovered the circulation of the blood, born at Folkestone; died 1567. Dr. Harvey was a practicing physician in London devoted to the study of anatomy and surgery. He discovered the circulation of the blood in the course of his investigations, but the theory was at first rejected by the medical fraternity, and the doctor's practice suffered in consequence. The discovery, so important to science, was not due to accident, but to patient and sagacious reasoning.
1615—Otto Edward Leopold von Bismarck, the "Iron Chancellor," born in Mueggen, the district of Prussia.
1626—Reginald Herber, bishop of Calcutta and author of "From Greenland's Icy Mountains" and other hymns, died at Trichinopoly; born 1582.
1673—The White Star steamer Atlantic sunk off the coast near Halifax, and 533 lives were lost.
1888—Dr. Emil Bessels, Arctic explorer, died; born 1827.
1894—Dr. Charles Brown-Séquard, eminent French physician, discoverer of the "chance of life," died in Paris; born 1815.

DEMOCRACY DOOMED.

The free trade policy of the democratic party is the greatest curse to the poor man that was ever perpetrated. Why men of intelligence are not able to recognize this fact is indeed a mystery. The only argument in favor of this pernicious heresy is, that it provides cheap goods, an argument so destitute of reason or consideration, for the great mass of toiling humanity, that it possesses neither merit or logic. What earthly good are cheap goods to people out of money, with no means of earning a livelihood?

This question was very tersely answered by Mr. Broadbent, a merchant of De Rio, Texas. He was in receipt of a circular from a large wholesale house in New York city, setting forth the fact that free wool enabled them to offer goods very cheap. Mr. Broadbent replied that if free trade statesmen would suggest where the people were to get \$2.00 to buy a boy's suit, that formerly cost \$6 that they would confer a favor, and help to solve a knotty problem. He continued by saying that with Texas wool at seven cents, the people could hardly get enough to eat, and they were glad to wear old clothes carried over from the days of eighteen cent wool.

In free trade England the conditions are still worse. A labor member of parliament recently started in the house of commons, that 1,000,000 men are out of employment. If each one of these men has a family, it simply means that one-sixth of the entire population of England at the present time, are dependent on charity for support. The men who have employment, are forced to work at starvation wages.

The government employees who are supposed to have a good position as any other class of laborers, are simply able to exist. The mail cart drivers working sixteen hours a day receive \$4.50 to \$5.00 per week, while in the Central postoffice in London the 560 men sorters, work for \$5 per week.

What does all this mean? It simply means that for the sake of making rich the crowned heads and titled aristocracy of England, the iron heel of fate is grinding out the life of the toiling masses.

This is a plain statement of cold facts as they exist. Any intelligent man who doubts the statement is guilty of criminal ignorance, and yet this fair country is cursed with a party so densely ignorant and so willfully blind to the welfare of the nation, that its energies are devoted to working and planning to reduce this country to the same level of humiliation as England. The most damnable farce of the century. Any man who says "I am an American," and in the next breath admits that he is a free trade democrat, should either change

his political creed or take the first train for Canada or some other free trade country. The party has outlived its usefulness, if it ever had any, and should be buried beyond resurrection, as it will be at the first opportunity.

The democrat who says "I am not a free trader" is in awful bad company, and the sooner he finds it out and cuts loose from his party, the more respect will he have for himself.

The man who votes the democratic ticket this year for any office, votes to encourage a party that has no excuse for existence, and a party that this country has no use for. There isn't a democratic paper between St. Paul and the Gulf that has a word to say in defense of the policy of the party. The Recorder is a fair specimen of democratic enthusiasm. The doom of the party is sealed. The republican city ticket will be elected from top to bottom, and every ward in the city, including the Fifth.

THE REPUBLICAN TICKET.

The vote tomorrow will decide whether Janesville will swing into line with every other city in the country for republican supremacy.

The Gazette has no doubt as to the outcome. The republicans of Janesville are of the same good sense that characterizes the party everywhere.

The ticket they have nominated is a good one and the principles involved are clearly recognized. The Recorder is endeavoring to bolster up the democratic ticket in an imaginary side issue, but the effort will not count this year.

Nothing but straight republican doctrine wins. Measure not men, is the motto. So far as the candidates are concerned, they are placed in nomination by popular vote. Every republican in the city had an opportunity to participate in the convention. A large number did, and it is foolish to claim that the nominees are not the choice of the majority. Every man on the ticket is known to be a loyal republican, and as such he has a right to expect the united support of the party. This he will receive, and the result will be success.

This is a bad year for democrats, and their fate in Janesville is sealed the same as it has been in hundreds of other cities throughout the country.

FREDERICK J. TUCKER A WINNER

Chicago Journal Has a Kindly Word for His Candidacy.

The Chicago Evening Journal has a good word for Fred J. Tucker, a son-in-law of Captain W. T. Vankirk, who is the republican candidate for assessor in Lake View. The Journal says:

"It is confidently predicted that the republicans of Lake View will give Fred Tucker, candidate for assessor, a big majority next Tuesday. The young business men of Lake View at the commencement of the current year, decided to take a hand in the approaching campaign and not only nominate, but elect, one of their own age and affiliations to the assessorship of the town. Mr. Tucker was decided upon as the candidate, and the rattling canvass inaugurated and the good impression made by him on the voters of the Twenty-fifth and Twenty-sixth wards more than justify the excellence of their choice. Mr. Tucker is essentially a business man. Up to the present campaign he has made no endeavor to obtain recognition from his fellow townsmen in an official way, but his initial venture in the political field demonstrates his capability to care for the interests entrusted to him. The Marquette Club is out for Mr. Tucker and though the latter has the veteran banker, E. S. Dreyer, for his opponent it is believed he will win by a majority of 3,000.

Without money and almost without clothes was Lou Bump when New York thieves got through with him. Mr. Bump went into a bath house in that city, for the purpose of taking a bath, and disrobing, left his coat and vest hanging on a chair outside the screened tub. When he came out he found his garments missing, together with the contents of the pockets, including his pocket book, containing one hundred dollars and other valuables. RULE PASTERS OUT OF THIS ELECTION

THEY MUST BE USED ACCORDING TO LAW.

Voters Cannot Paste Them Over a Name on the Ticket—It Must Be Done By the Election Officers Before Ballots Are Given Out—Mayor Thoroughgood's Position Defined.

Having been asked by the board of inspectors as to whether pasters can be used at the municipal election tomorrow, City Attorney McElroy gives his answer that pasters cannot be used except under the two conditions provided by statute—where a nominee has resigned or died,—the pasters then to be provided by the election officers.

In answer to the question as to whether a vote can be counted if a paster should be used in any other way than that provided by the statutes, the opinion of the city attorney is that such votes cannot be counted, either for the name upon the paster or the name underneath it.

This opinion is also expressed by L. K. Luse, the assistant attorney general in a letter to City Clerk George H. Bates.

Mayor Thoroughgood's Position

Local democrats who were banking on reports circulated by themselves, that Mayor Thoroughgood would support the democrat city ticket this spring in preference to the republican ticket, will receive little comfort should they interview the mayor.

Mr. Thoroughgood is a warm personal friend of Mr. Baines, but this friendship does not enter into the politics of either the mayor or Mr. Baines. A reporter of the Gazette called on Mayor Thoroughgood this afternoon, and while he was busy attending to his private business, he found time to say that he had been a republican, ever since he came to this country, and had voted for republican principles ever since he had been naturalized, and that he should continue to do so. Of course Mayor Thoroughgood will not take the active part in the campaign he would have had been nominated, yet he speaks in the highest terms of Alderman Child, and says he will vote the republican ticket tomorrow, and his influence will be for the success of the ticket. He then wrote the following for publication, which is a sufficient denial of the report that he is using his influence against the republicans:

T. W. FOR THE TICKET.

EDITOR GAZETTE—Several of my warm republican friends have interviewed me concerning my fealty to the republican party from now henceforth.

I think it most proper to say what I have to say on this subject before the coming election tomorrow. For twenty-eight years (or since I took out naturalization papers), I have been connected with that party and have no reason today to sever my connection with it.

There is no reason why the republican ticket when nominated on strict republican principles should not be successful. During my two years of service as mayor of Janesville, it has been my aim, as a public man, to so manage the city affairs without partiality and without political preferment. The republican candidate for mayor is well qualified to fill the position and has always been a warm friend of mine. The democratic candidate, Mr. Frank Baines is a man for whom many manly qualities I have had a strong regard. My expressions here, follow out those I have used since my official term, and as I have several weeks more of duties to perform, I would not feel justified in uttering one word that these gentlemen would not admire me for. But on the question of my future politics, the republicans will find me in their ranks, and when any issue is at stake and honest republican ideas are advanced, I am ready and willing to give that issue my support and vote the republican ticket. J. THOROUGHGOOD.

WILLIAM BYRNE IS BARRED OUT Cannot Practice Law in Cases Where \$200 Or More Is Involved

A civil case in which William Byrne had something to do, came up in the municipal court this morning when Attorney J. L. Mahoney objected to Mr. Byrne appearing in the case, he not having been admitted to the bar as an attorney. Considerable discussion on law points between Attorneys Hyzer, Mahoney and Judge Phelps followed, and it was finally settled or ordered, that Mr. Byrne could not appear as attorney in any case wherein \$200 or more was involved.

F. P. STARR HAD A CLOSE CALL Bullet Flew By His Head Entirely Too Close For Comfort.

F. P. Starr of Afton, had a narrow escape from death while driving along the road near the Beloit Brass Works. He was not thinking of any danger and was greatly startled when a bullet whizzed past his head so close that he felt the movement of the air caused by the flying ball. He stopped his horse to locate the direction from whence the bullet came, and saw a man with a gun in his hand, on the opposite side of the river, and several ducks about five rods distant, in range with the man. While he appreciates the old adage that "A miss is as good as a mile," and is thankful that he was not struck, he does not care to have so close an acquaintance with anything so eminently business like as a rifle ball again.

CLINTON H. WILCOX FELL DOWN DEAD

SUDDEN SUMMONS OF THE WELL KNOWN SALESMAN.

Left Home In Perfect Health and Spirits This Morning For a Trip to Baraboo But Shortly After Noon a Dispatch From That Place Told of His Untimely Demise.

"Clinton H. Wilcox of this city, fell dead on the street at Baraboo this afternoon."

Such was the sorrowful message that the telegraph ticked off shortly after dinner and it was the gist of the terrible news that John Watson and his son, J. H. Watson were called upon to break as gently as possible to a loving wife and two idolized sons.

Mr. Wilcox resided at No. 8 East street, and was widely known in Janesville. He was formerly engaged in the clothing business with E. T. Foote, under the firm name of Foote & Wilcox, but of late years he has been a traveling representative of the M. D. Wells Shoe company. He left home this morning in the best of health, for a trip to Baraboo. Hardly had he reached that town ere the notification of his sad death came flashing over the wires. The announcement will cause widespread sorrow in Janesville where Mr. Wilcox was so well known and universally respected.

He leaves a wife, she being the daughter of Mr. and Mrs. John Watson, and two sons, Clinton Jr., and Leonard to mourn his untimely demise.

No particulars of Mr. Wilcox's sudden demise have been received. The telegram announcing his death came to Mayor Thoroughgood and said that "C. H. Wilcox, a boot and shoe man of Janesville, was dead, and to notify his friends." Will King, Mr. Wilcox's brother-in-law, took the first train for Baraboo, to take charge of the remains.

BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN
THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it.

It will buy an education.
It will buy a building lot.
It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette, containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 2 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

—ONE VOTE FOR—

Of Janesville, Wis.

Swept By a Cyclone.

Approval to the pinnacle of popularity, Hostetter's Stomach Bitters has acquired a commanding position, which has occasionally made it a bright and shining mark for knaves, who seek to foist upon the community spurious compounds in the guise of the real article. These are mostly local bitters or tonics of great impurity, and of course, devoid of medicinal efficacy. Beware of them and get the genuine Bitters, a real remedy for malaria, rheumatism, kidney trouble, dyspepsia, nervousness, constipation and biliousness. Physicians of eminence everywhere commend the great invigorant, both for its remedial properties and its purity. A wineglass three times a day will soon bring vigor and regularity to a disordered and enfeebled system.

If the Baby is Cutting Teeth, Be sure and use that old and well tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.
